

Patient Fee Policy

Wurth Chiropractic Center does not file charges with or accept payments from your insurance company. Payment is due at the time of service unless other arrangements are made. You are welcome to pay with cash or a check. We also accept all major credit, debit, and HSA card payments at the clinic front desk.

Your health care, recovery, and improved health are our primary concerns, so we can set up payment arrangements to suit your financial situation and needs. (Because auto accidents often involve legal action and other insurance payors, we accept direct insurance payments in those cases.)

After your care, we are happy to print out a coded list of charges that you may submit to your insurance company. **Your reimbursement from insurance for chiropractic services may vary by company and policy—please consult your insurer to find out what will be covered by your policy.**
